

**Meeting
Your Needs,
Keeping
You Safe.**

SAFE IMAGING STUDIES

We have resumed elective imaging procedures across Pottstown Hospital locations and are pleased to share the comprehensive steps we've taken to keep patients and staff safe. From extensive PPE use and frequent disinfecting of all patient care areas, to COVID-19 symptom screening and social distancing, you can feel confident in your safety as you receive quality imaging studies here.

We follow or exceed safety processes and protocols of the American College of Radiology, the Centers for Disease Control and Prevention (CDC), the Pennsylvania Department of Health, and the Occupational Safety and Health Administration.

Our Safety Procedures

SCREEN

- All patients and staff are screened for COVID-19 symptoms
- Temperature taken at building entry

PROTECT

- Staff use appropriate Personal Protective Equipment (PPE) and practice frequent handwashing
- Face masks required for all patients and staff
- Patient care areas cleaned and disinfected according to CDC guidelines

SOCIAL DISTANCING

- Social distancing is practiced and enforced
- One-way corridors minimize contact
- Time added between procedures to disinfect rooms and surfaces
- Waiting room time minimized
- Number of visitors restricted

PATIENT SCHEDULING AND ARRIVAL

- Call 610-327-7500 to schedule an imaging study appointment
- If you arrive early, please wait in your car until your scheduled appointment time
- Only one person can accompany the patient
- No checkout required. Follow-up appointments can be made by phone

We're in this together and we are here to safely serve you and the community.
