

Meeting Your Needs, Keeping You Safe.

SAFE REHABILITATION SERVICES

We have resumed outpatient rehabilitation services – hand, physical, occupational and speech therapies - across Pottstown Hospital locations and are pleased to share the comprehensive steps we've taken to keep patients and staff safe. From extensive PPE use and frequent disinfecting of all patient care areas, to COVID-19 symptom screening and social distancing, you can feel confident in your safety as you receive quality here.

We follow or exceed safety processes and protocols of the Centers for Disease Control and Prevention (CDC), the Pennsylvania Department of Health, and the Occupational Safety and Health Administration.

Our Safety Procedures

SCREEN

- All patients and staff are screened for COVID-19 symptoms
- Temperature taken at building entry
- Hand cleaning by patients entering is requested

PROTECT

- Staff use appropriate Personal Protective Equipment (PPE) and practice frequent handwashing
- Face masks required for all patients and staff
- Patient care areas cleaned and disinfected according to CDC guidelines

SOCIAL DISTANCING

- Social distancing is practiced and enforced
- Time added between procedures to disinfect rooms and surfaces
- Waiting room time minimized
- Visitors restricted

PATIENT SCHEDULING AND ARRIVAL

- Call 610-970-1600
- If you arrive early, please wait in your car until your scheduled appointment time
- Only one person can accompany the patient if needed for communication of if patient is a minor

We're in this together and we are here to safely serve you and the community.
